Address: Slezská 782, Třinec 739 61 (CZ)

Website: www.fi.muni.cz/~xgryga/cv/

Profile

I am a student of applied informatics who is keen on programming and software engineering. I got interested in it at a primary school and that interest predetermined my field of study until today. When a challenging developing task appears, I enjoy spending hours on it until I solve it. I am also an extrovert and I like working in a team. That is why I am fond of dance, children camp leadership and why I become a boy scout.

Skills

Languages:

- English (B2 – C1)
- Polish (A2)
- Czech (C2)

Programming:

- **Java, C** (Long-Term Experience)
- C++, Python
- HTML-CSS-JS, PHP, SQL, REACT

- Dancing (4 years of active dancing)
- Playing piano (15 years)
- Team management

Education

Applied Informatics
Masaryk University
2016 - presence

Computer Science
University of Tartu
Erasmus 2019

Informatics Technology
**Secondary School of Electrotechnical
Engineering (Havírov)**
2012 - 2016

Work Experience

Arbitrary teacher
Masaryk University
February – June 2018

I taught a few seminar groups at faculty, gave feedback to students assignments and evaluate their work in following courses:
FI:PB071 Principles of low-level prog. (C language)
FI:IB101 Introduction to Logic

IT software
Ice - industrial
services a.s.
2015 – 2018

My main job description was maintenance, optimization and extending the company's internal PHP system. Apart from that, I handled a variety of minor IT tasks such as developing utilities or work on automated lines visualization.

Children camp
leadership
ARCHA
RAJNOCHOVICE
2013 – presence

I have been a children camp leader since I was 15 years old. It includes several team meetings during a year, creating a program, solving technical issues, work in a team of 20 people and taking responsibility for sometimes more than 100 children, form them and treat them both, individually and as a group. I also tried out the role of the main children camp leader for a few times, which includes leading a team of leaders.

Network
Administrator
Moravia Steel INC.
May 2014

I maintained windows server (mainly work with Active Directory).
